

Version date: 12 June 2024

Annual Spring Meeting 2024

Agenda

20 June 2024, virtual

09h00 – 10h35 EST/ 15h00 – 16h35 CET

The Broadband Commission meets twice annually with its members to discuss the most pertinent issues affecting broadband access, affordability and use. All meetings are held under Chatham House Rules and are closed to the general public. This year’s meeting will focus on the theme “Harnessing Emerging Technologies for Universal Access and Connectivity.” Commissioners will discuss how emerging technologies can help achieve universal connectivity and impact the Global Digital Compact and Summit of the Future.

Time (CET)	Activity
15h00 – 15h10	Opening by the Leadership of the Commission
15h10 – 15h20	Presentation of the State of Broadband 2024 Report
15h20 – 16h20	Plenary discussion <i>How can emerging technologies help achieve universal connectivity? How will they change the outlook going forward? What are the risks and opportunities and how will this feed into the Global Digital Compact and the Summit of the Future?</i>
16h20 – 16h25	Presentation of the Working Group on Data Governance
16h25 – 16h35	Closing Remarks by the Leadership of the Commission

Broadband Commission for Sustainable Development Annual Meetings are closed events. For outcomes and press releases from the meeting follow our social media and website at www.broadbandcommission.org.
